

Keeley Slade (she/her/hers)

Candidate for Speed School President

Major: Industrial Engineering

Year in School: Junior

"My goal as President will be to help broaden SSSC's reach to freshman and gain interest in the program overall. I want to get students more engaged and help them succeed in whatever ways we can."

Logan Stone *(he/him/his)*

Candidate for Speed School Senator

Major: Mechanical Engineering

Year in School: Junior

"I'm running to give representation to my fellow Speed students at the University level, be an advocate for the students to faculty and administration, and make the students feel as if they themselves have a voice on University matters."

Madison Back *(she/her/hers)*

Candidate for Speed School Senator

Major: Bioengineering

Year in School: Sophomore

- “Work on getting the student body involved with more things
- Helping to get the knowledge of the campus counseling out and helping people with mental health issues, try to make it easier on them with these tough times.
- Try to make communication with the University and students better especially through times of covid”
